GUM SHOE MEN ON THE PAYROLL OF DEMOCRATS

DETECTIVES OPERATE IN NEVADA IN INTEREST OF SENATORIAL CANDIDATE

Gum shoe detectives, sleuths and secret service operatives were used by the democrats during the recent campaign in Nevada, according to press dispatches that have been sent out of Reno lately. Several weeks ago it was rumored that the democratic forces would employ a band of sleuths in order to gain private information from the headquarters of Senator Massey. At that time it was stated the detectives were secured

In order to prevent money being used in the election of Massey.

The following is a dispatch sent out from Reno during the last few days which announces that several gum shoe artists were on the payroll of the democratic state central committee:

That a force of Burns detectives under the leadership of W. A. Mundell, chief of the Pacific coast division of the Burns agency, operated in Nevada during the recent campaign became known here today. One of the operatives named Kelly was in Senator Massey's office for the past two weeks and dictographs were used at republican headquarters. The man Kelly arrived in Reno with a letter of recommendation to the late Senator Nixon. Finding that he was dead, he sought out his successor, who was a candidate for the senatorship. He represented himself as a mining man from Australia, desirous of obtaining Nevada properties, and in this way established himself in Massey's office, where he was wine and dined by numerous public officials, including the governor of the state, Tasker L. Oddie.

Two years ago it was asserted that Key Pittman was defeated through the use of money, and this year detectives were hired to prevent this, or at least obtain sufficient evidence to convict the guilty. For two weeks preceding the election the Burns men shadowed the leaders in Senator Massey's fight and on the night before election Mundell, the chief, outlined the entire plan which had been followed and issued a warning against the use of money by any person.

Whether any evidence of attempted corruption was secured has not been made public and the detectives are not doing any boasting.

MAY BECOME SENATOR

BOISE, Idaho, Nov. 13.—If he heeds the counsel of his friends Governor Hawley of Idaho will himself take the position of United States senator made vacant by the death of the late Senator Heyburn. The leading democrats, it is said, have been unable to unite upon a man to wear the toga pending the meeting of the republican legislature and Mr. Hawley has been urged to resign the governorship and accept the senatorial appointment at the hands of Lieutenant Governor Ewertzer, who would succeed to the executive chair.

CHURN DRILL PROSPECT LAND AT COALDALE

ENTIRE HOLDINGS OF COAL COMPANY WILL BE THOROUGHLY PROSPECTED

Within the next 30 days an Okell core drill will be installed on the coal lands at Coal Dale and holes will be sent down to a depth of 600 feet for the purpose of fully prospecting the land owned by the company. H. A. Darnes, who is at the head of the company, is in Tonopah looking after business matters, and he stated today that the drill had been ordered and should be on the ground within three weeks.

The present mine workings are down to a depth of 450 feet and the character of the coal is greatly improved when compared to that near the surface. The second vein is being pierced. The vein is flattening out, and the drill will be used to advantage. A number of holes will be sent down and the property thoroughly prospected. The drill produces a 5-inch core.
